

DME Hot Runner...

DME:

Your essential resource for hot runner solutions

Whether your application requires best-in-class components or a turnkey hot-half system, DME has a hot runner solution that meets your needs.

DME: An Essential Resource for Hot Runner Productivity

Moldmakers, molders and mold designers worldwide look to DME for essential hot runner solutions — whether that is a single, best-in-class component or a complete, fully functioning hot half system. Offering the industry's broadest range of hot runner products and services as well as an unsurpassed knowledge and expertise, DME is committed to helping customers achieve maximum productivity, reliable operation, and better performance.

System Solutions

DME offers a comprehensive family of hot runner systems built on our modular architecture making custom configuration easy and quick. Systems include:

- **Galaxy® High Cavitation Systems**
proven successful on 96-cavity molds
- **Stellar® Micromolding Systems**
engineered for tight pitch molding
- **The Hot One**
- **The Cool One**

Quick Delivery Systems

From hot halves to standard manifolds, DME's hot runner systems are available for rapid shipment to help you meet the demands of your business.

- **Stellar Quick Delivery System**
for the challenges of tight pitch molding; ship in as little as three weeks
- **Meteor® Quick Delivery Systems**
full range of hot runners from simple nozzle-and-manifold systems up to turnkey hot halves

Galaxy Systems offer reliable high cavitation solutions

A wide range of DME nozzles allows versatility in system selection

Stellar multi-nozzle assemblies provide application flexibility

...from components and manifolds to turnkey hot halves

Our goal is simple: to be an essential resource for your molding challenges.

Every step of the way.

Specialized Systems

As one of the world's leading hot runner manufacturers, we recognize that some application challenges demand specialized solutions. Offerings include:

- **Stack Mold Systems**
double molding machine output to optimize utilization; available in a wide range of actuation methods
- **DME Valve Gate Systems**
for improved part cosmetics and more precise control of mold filling

Knowledge That Gives You an Advantage

Our team of trained, experienced experts can help you with needs analysis, design, configuration, operation, and all the other services that enable you to focus on your core business.

- **Applications engineering**
- **Moldflow analysis**

Service and Support to Keep You Productive

DME provides essential support to keep your hot runner systems in-service. Our dedicated hot runner service center is staffed by trained, experienced technicians who support DME systems, as well as other brands, to provide help when and where you need it, every step of the way.

Meteor Systems are custom configured for quick delivery

Moldflow predictive analysis optimizes part design and lowers costs

DME Hot Runner Service Center provides total support for your hot runner system
