UNLIMITED Mold Base Selections

With **D-M-E**, the only limit to your mold base is your imagination. Need guided ejection? Want vented leader pins? Prefer a three-piece ejector housing? D-M-E Custom Mold Bases are available in over 75 trillion possible configurations – one of them is perfect for your specific application.

All this and more, and at a competitive price. And, because it's from D-M-E, you know it'll be done right the first time, on time – *every* time.

A whole new way of ordering

You can choose from an extensive menu of options to configure exactly the mold base you need. What some companies would call "a special" is no problem with D-M-E.

Widest range of features and sizes available

D-M-E's Custom Mold Bases aren't just a limited range of common sizes – no one offers more than D-M-E. More sizes. More high-quality steel types. More plate thicknesses. More value-added features.

Made to order

What you want – not just what's in stock. That's the philosophy of D-M-E. Our leading-edge manufacturing and workflow technologies enable us to build your custom-configured mold base with unparalleled speed. Most configurations can be shipped in only a few days.

Buy only the features you need

D-M-E is driven by a simple premise: Your mold base is made up of only the specific features you want. No paying for "extras" that you didn't need. You can even specify the steel type – at the plate level – to enable customization to meet your objectives.

Why D-M-E?

At D-M-E, we understand the challenges you face. We know that anything that gives you an edge in today's competitive marketplace can enable a business advantage. That's why we work to get you a mold base that's configured exactly the way you need it, as quickly as possible, without price premiums.
