

AX- and T-Series Mold Base Features

“AX” Series Mold Bases

A D-M-E Standard “AX” Series Mold Base is basically an “A” Series type mold base with a floating plate (“X-1” plate) added between the cavity plates. This type assembly is used when it is desirable to have the floating plate remain with the upper half of the assembly.

“AX” SERIES

“T” Series Mold Bases

D-M-E Standard “T” Series Mold Bases are available in 42 standard sizes, from 7.875 × 7.875 to 23.75 × 35.5. They are used for top runner molds that require two floating plates (“X-1” – runner stripper plate, “X-2” – cavity plate) to remain with the upper or stationary half of the assembly.

“T” SERIES
